I feel incredibly privileged to have both attended and taught in Catholic schools throughout my life. Since moving to Fort Saskatchewan in 1981, I married my wife, Rose, and together we raised two awesome daughters. We are extremely proud of them and feel truly blessed with three amazing grandchildren. Over the past forty-plus years, we have built deep roots within Our Lady of the Angels Parish, Elk Island Catholic Schools, and our vibrant community.

As a lifelong learner with a deep passion for Catholic education, I was inspired to run for school trustee in Fort Saskatchewan in 2019. I continue to serve in this role with pride and dedication, advocating for faith-based learning and student success in all four Fort Saskatchewan Catholic schools. I work collaboratively with students, parents, educators, and the broader community to ensure that Catholic education remains strong and accessible to all. Transparency and accessibility are values I hold dear, and I am always open to hearing concerns, ideas, and feedback to better serve our schools.

I firmly believe in the importance of publicly funded Catholic education, ensuring that all students have access to high-quality learning experiences that nurture both their academic growth and their faith. I hope to continue my role as trustee, championing a school system that fosters excellence and a strong moral foundation for future generations.

It would be an honor to continue serving as the trustee representative for Ward 2. I am a proud advocate for Catholic education and remain committed to working hard to ensure it remains vibrant and accessible for generations to come.
